THE DANISH INGOLF-EXPEDITION, VOL. 3: 2. CRUSTACEA MALACOSTRACA, (I.) (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Danish Ingolf-Expedition, Vol. 3: 2. Crustacea Malacostraca, (I.) Nevertheless, I am myself guilty here of publishing a faunistic list. It would, however, be meaningless to give new descriptions of the species (with figures) of all the northern-arctic Decapoda, most of which have been described several or even many times, and for example to describe and figure the Cumacea, Isopoda and Amphipoda which have been so excellently dealt with in Sars standard work mentioned above. But wherever on going through my large material I have met with a note worthy difference between my specimens and the work noted by me as the chief publication regarding the species in question, I have displayed the differences discovered by notes and often likewise by figures, so that a possible error of determination may be controlled by a successor, who in one or other regard has better material or more critical ability. With this object in view I have marked with l the work or the two works for each species which contain the best description of the form; also, under remarks I have sometimes briefly mentioned one or several of the principal specific characteristics. I have thus done what I could to give the users of this work the greatest possible control as regards my own determinations, and hope further that these measures of circumspection may be a good example to others who in future wish to publish faunistic catalogues of Crustacea. With regard to species which have been described several or many times it has seldom been my intention to refer to all the previous descriptions and figures in the synonymy list. I only give a greater or less selection which always contains the...
