Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Journal of the Royal Society of Antiquaries of Ireland, 1897 As many recent Volumes of the Society s Journal, most of the more important Papers published in 1897 belong to the domain of Prehistoric Archaeology Mr. Coffey concludes the series of Papers in which he deduces the origin of the earliest designs in Irish Ornament from the East; by way of Scandinavia, at a period many centuries before our era (pp. 28-52). He answers some objections to details of his argument at p. 248. Connected with this subject may be noted a recently found Inscribed-stone from Slieve-na-Caillighe (p. 427). Early Stone Weapons are ably dealt with in Mr. Knowles Paper on Survivals from the Palaeolithic Age among Irish Neolithic Implements, with which the Volume commences. A recently found Bronze Dagger, of exceptional interest from its retaining the original bone-handle, is shown at p. 423. A Bronze Pot, of unusual form, and very perfect, is figured on p. 437. Mr. Westropp s important survey of the strangely numerous Stone Forts of Northern Clare is completed (p. 116). A number of prehistoric fortified islands in lakes in Connemara are described by Mr. Layard (p. 373) About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
