New Epoch Books. Paperback. Condition: New. 310 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. This is a story about the crisis and opportunity of the current human epoch. It examines our capacity to honor beauty and love, compared to the reasons why we have inadvertently embraced violence and destruction. Which values will prevail? That is the grand question of our epoch. Who are we, how did we get here, and what is our purpose for being here on Earth? This Creation Story helps us to understand how to heal and expand our own psyche, thereby becoming more conscious. It is about finding one's soul while healing our culture and our planet. All scientific understanding, religion, philosophy, social organization and, therefore, history is created from evolving consciousness. Human culture and history are flowing processes that reveal the changing stages of human consciousness. Culture's conduct is driven by its consciousness. The transformation of consciousness is the primary process that deepens wisdom. Our New Creation Story amalgamates science, philosophy, and metaphysics, thereby encompassing our most profound imaginings and emotions: human origins, the meaning of life, spirituality, love, intimacy, and death while bringing us into contact with the unexplainable. There are many reasons for celebrating our humanness. This story shows why and how we are capable of creating a sustainable, meaningful, and joyful world. As long as we retain our current cultural mindset, climate chaos, political conflicts over scarce resources, such as clean water, will also increase. There is no easy political solution. Nothing less than changing how we see the world, our worldview, will solve the current dilemmas. This new story adds perspective that will help to integrate Ecological Epoch consciousness into our political and social landscape, thereby providing a lens with which we are able to see through the myopic political propaganda and corporate greed...
