INSPIRATIONS FOR THE SPIRITUALLY AWARE PARENT (PAPERBACK)

Castle Brae Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Spiritually aware parenting understands that within our parenting lies the key that can transform the world as we know it. The passages within this book give helpful insight and clear perceptions on why our children are the way they are and what we as parents can do to maintain a connection and strong emotional foundation in the child. Hayley Fleming, the Sound Inside Spiritually Aware Parenting views our children as the true spirits they really are, seeing them as their own individual selves beginning this journey of life. It also encourages parents to tap into their own spiritual core, parenting from a place of connection, wellbeing, and joy. This is Christina Fletcher s second book of inspirational passages for the busy parent. Within these pages you will find moments of relief, reminders of how to go within, to trust your inner voice. There are passages to tap into our children as who they are at their core, perspective shifters to see them anew, there are pointers on understanding negative emotion in ourselves and in our children, and shout outs to remember to play and have fun. Originally published for her ever growing Facebook page, which is now followed by thousands, they are written as a way to find peace in a rushing world. Christina Fletcher is an author and consultant on Spiritually Aware Parenting. Her first book, Who They Really Are A guide to being a spiritually aware parent, which looks at parenting with love from conception to age two, was published in 2011. On top of her Facebook page, she also guest blogs and runs a successful parenting advice column. For more information please visit,
