The Magnificent Ordeal relates to the lifestyle, the personal memoirs, of one Michael Ordeal. He has spent most of his life in the Far East, before retiring to an island in the Pacific Ocean called Nevahachi. Ordeal s goal in retirement is to screw himself to death, having nothing better to do. When he retires, he vows to do two things: Run with the wind and screw everything in sight. It doesn t work out that way. He hurts his knee and doesn t run as much as he thought he would. A number of things happen to Ordeal along the way. He is in many ways a product of the 21st Century. * The discovery / production of Viagra clears the way for him. Any fears of erectile dysfunction (ED) or old age are dissipated. * He is a rich man, having led a rather quiet, undistinguished life (until now). He can afford the finer things in life, that he may have done without as a younger man. * He has no children that he can leave his money to. Instead he decides to give his money to charity, to needy women who have taken to the streets and the gay quarters in order to make a living. * He has developed a certain prowess (in conjugal matters), during the years he spent in the Far East -- a character, a trait, that never leaves him, even in his old age. * The island has an abundance of fauna, in the local Red-Light Districts, that cater to his needs. In order to maintain the pace that he has set out for himself, he needs variety. This is not a love affair...
