Bancroft Press, United States, 2011. Hardback. Condition: New. Language: English . Brand New Book. -In 1903, five truly brilliant young inventors, the children of the world s most important scientists, are taken from their lives and their parents by the mysterious men in black. They take twelve-year-old Jasper and six-year-old Lucy Modest from London, England; nine-year-old Wallace Banneker from New York, United States; twelve-year-old Noah Canto-Sagas from Toronto, Canada; and thirteen-year-old Faye Vigyanveta from New Delhi, India, depositing them all at a strange, isolated farmhouse in Dayton, Ohio, with kindly schoolteacher Miss Brett. But what mysterious invention have all the children, unbeknownst to one another, been working on? Who are the men in black? And are the men in black trying to kidnap them--or protect them? And if they re trying to protect them--from what? An amazing story about the wonders of science and the still greater wonders of friendship, *The Atomic Weight of Secrets*, the first book of the *Young Inventors Guild* trilogy is a novel readers will forever treasure. In 1903, five truly brilliant young inventors, the children of the world s most important scientists, went about their lives and their work as they always had. But all that changed the day the men in black arrived. They arrived to take twelve-year-old Jasper Modest and his six-year-old sister, Lucy--he with his remarkable creations and she with her perfect memory--from their London, England home to a place across the ocean they d never seen before. They arrived to take nine-year-old Wallace Banneker, last in a long line of Africa-descended scientists, from his chemistry, his father, and his New York home to a life he d never imagined. Twelve-year-old Noah Canto-Sagas, already missing his world-famous and beloved mother, was taken from Toronto, Canada, carrying only his clothes, his violin, and his remarkable mind. And thirteen-year-old Faye...
