Brilliant Publications Jun 2014, 2014. Taschenbuch. Book Condition: Neu. 297x210x5 mm. This item is printed on demand - Print on Demand Neuware - Sum Fun Maths Assessment is a series of 3 books full of puzzle worksheets for assessing children's progress in maths. Each sheet is self-correcting - children use their mathematical skills to solve a series of questions, then use the code to find the answers to the silly jokes, puns and riddles. Children will love riddles such as 'What would happen if all the ducks in the world jumped up and down at the same time (an earth quack) and 'What is the best way to communicate with a fish (drop it a line). Each sheet assesses a particular skill, all linked to year group objectives from the new September 2014 curriculum. There are several sheets for each objective, allowing for assessment at different points in the year if necessary. The assessment checklist will help you to keep track of children's progress. In addition to being invaluable for assessing children's learning, the sheets can be used as: evidence of children's learning; extension activities; differentiated group/individual activities; plenary tasks; fun time fillers! Topics covered in the series include: number and place value; addition and subtraction; multiplication and division; fractions; decimals and percentages. 98 pp. Englisch.
